

- **Wind load stability**
- **Driving rain tightness**
- **Permeability**

Technical report no.: 04.192
Test institute: SKG

Client: SOLARLUX Aluminium Systeme GmbH
Gewerbepark 9-11
49143 Bissendorf

Product/Component Three-panel folding façade (I-3R / I-3L)
Designation SL 60s
Exterior dimensions (W x H) 2400 mm x 2300 mm
(Frame) Material Aluminium / Polyamide composite profile
Special features -/-

Wind load stability - EN 12210

Class B4

Driving rain tightness - EN 12208

Class E900

Permeability - EN 12207

Class 4
